Join a wonderful group who will be meeting to discuss an inductive study of the Old Testament book of Nehemiah. Who was Nehemiah and what can you learn from this Jewish leader who lived during the time of the Persian rule? One part of the study will be to study the prayers of Nehemiah and from his prayers learn about his understanding of God. Nehemiah 9 includes one of the longest prayers in Scripture and it is a beautiful record of God's relationship with His people Israel. Also included in the study is time spent studying portions of the history of Israel that led to the events in the book of Nehemiah.

Because this is an inductive study, it carefully observes the texts of Scripture, interprets the original intent of the passage, and challenges the student to claim the eternal principles that can be applied for all those who follow Jesus Christ.

This inductive study will use the Bible as the primary source of information. The inductive method includes four steps. First you will be asked questions to help you carefully *observe* the text as you "read with a purpose." The next step involves careful and accurate *interpretation* of the Scriptures being studied, that you might determine *eternal principles* from the text, and then *apply* these Scriptures to the circumstances of your life.
