This inductive study of the New Testament book of Titus is intended to encourage you concerning your faith. You will be challenged to examine your own commitment to the Lord as well as your relationship with others in the body of Christ. The study will investigate the various topics and timeless truths that convict and inspire people of all ages. The lessons will seek to equip you to be stronger and more mature in your walk with the Lord Jesus.

These lessons also contain an examination of the spiritual discipline of *discipleship* as the focus of Day 5 each week will be on the role of discipleship within the body of Christ. The call for the church to be involved in the ministry of discipleship is a part of the teaching of the book of Titus.

This inductive study will use the Bible as the primary source of information. The inductive method includes four steps. First you will be asked questions to help you carefully *observe* the text as you “read with a purpose.” The next step involves careful and accurate *interpretation* of the Scriptures being studied, that you might determine *eternal principles* from the text, and then *apply* these Scriptures to the circumstances of your life.
